REPRESENTING BOHAMET - GULF COAST

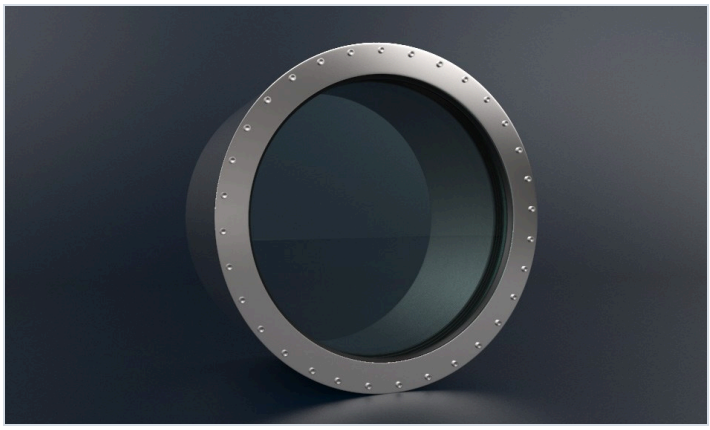

BOHAMET

SHIP WINDOWS · SIDE SCUTTLES · WHEELHOUSE WINDOWS

Ship windows and side scuttles built to ISO 3903 / ISO 1751

Bohamet makes windows and side scuttles in steel, stainless steel and aluminum for everything from the wheelhouse to the hull. They come fixed, opening, sliding or fire-rated, and Bohamet adds engineering support, calculations, testing and installation, so yards get a window package with the engineering behind it.

KEY FEATURES

- Fixed, opening and sliding (horizontal or vertical) ship windows
- Fixed and opening side scuttles
- Specialized designs: wheelhouse, trapezoidal, divided, oval and partially opening windows
- High-pressure designs for bathyscaphes and submersibles
- Fire-rated windows and side scuttles
- Optional vertical or horizontal mullion
- Options: external storm cover and deadlight
- Can be fitted with ship wipers, clear view screens, sun shades and deadlights
- Engineering support, calculations, testing and installation
- Bullet-resistant glazing (BOHPROTECT) available separately on request
