COAST MARINE SALES

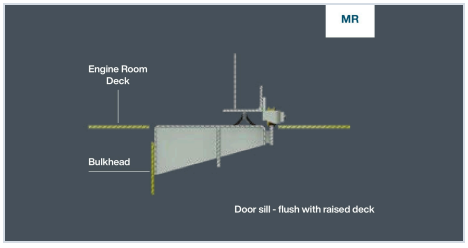

REPRESENTING IMS DOORS - GULF COAST

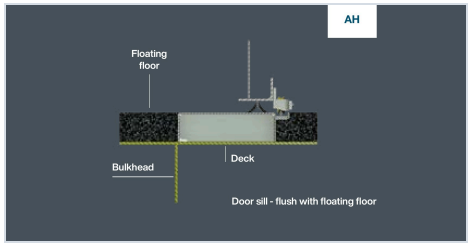

IMS

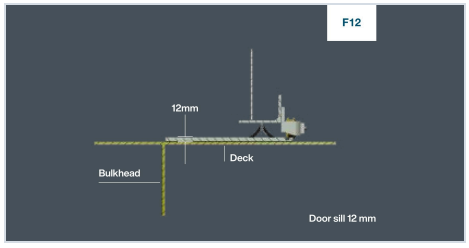

F12 · AH · MR · HYDRAULIC OR ELECTRIC

Flush watertight doors that need no deck cutting

The IMS MR, AH and F12 models are flush designs for any deck type and need no cutting or changes to the vessel deck. Without a raised sill or cover plate, crew, passengers, carts and heavy equipment move freely between watertight compartments. Each model is available with an electro-hydraulic or a fully electric drive.

KEY FEATURES

- Flush sill with no recess, designed to fit any vessel deck type
- Flush design removes the trip hazard of a cover plate
- Patented gasket, described by IMS as "100% watertight"
- Electro-hydraulic (FMA Hydraulic) or fully electric (Frame Drive, FMA Electric) drives
- Always customized to spec and designed for minimum weight
- Real-time overview from the control system; simple installation and better maintenance access
- Sandblasted steel as standard; spare parts always available

WHERE THEY FIT

- **Cruise & passenger:** flush sill with no recess, turnkey solutions, bus cabling
- **Ferries, supply & offshore:** flush models for plain-deck machinery areas and floating floors

MODELS (IMS)

	MR	AH	F12
Application	Engine room	Floating floor	Deck
Sill	Flush with raised deck	Flush with floating floor	12 mm on deck
Sill height (mm)	0	Custom	12
Test pressure	0-60 mwc	0-60 mwc	0-60 mwc
Drive	Electro-hydraulic or electric	Electro-hydraulic or electric	Electro-hydraulic or electric
Dimensions / weight	Custom	Custom	Custom

Optional on all three models: laser safety strip, fire rating, EX-proof and emergency hand pump (emergency station).

CLASS DOCUMENTATION (PUBLISHED BY IMS)

LR LR2257833TA-04: type approval design appraisal, F12, MR, AH, N280, N200 (electric & hydraulic), expires 17 Feb 2027

ABS 23-2367157-PDA: Product Design Assessment, series F12, MR & AH (electric or electro-hydraulic), expires 15 Feb 2028

From certificate copies published by IMS. Fire-rating options by drive: A0/A60 (FMA Hydraulic, FMA Electric), A0 (Frame Drive).

REQUEST A QUOTE

Send drawings, quantities and class requirements. We'll handle specification and follow-through with IMS Doors.
